COMMUNICATION RE ERROR ON PAIR RECORDS

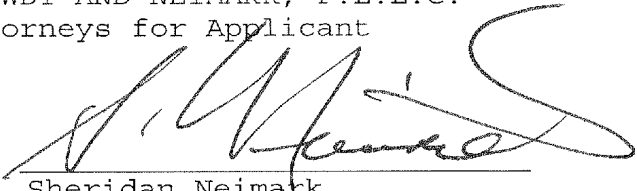

Honorable Commissioner for Patents  
Customer Service Window  
Randolph Building, Mail Stop t  
401 Dulany Street  
Alexandria, VA 22314  
Sir:

It has recently come to the attention of the undersigned that the PTO PAIR records with regard to continuity information of the above-identified application incorrectly indicate that the PCT application of which this application is a U.S. national stage was filed on December 12, 2002, instead of the correct date of December 3, 2002. Review of the application data sheet and declaration/power of attorney originally filed in the PTO with the present application clearly supports the date of December 3, 2002.

Accordingly, correction of the PTO records is respectfully requested to insure that any patent which may grant from this application is printed properly.

Respectfully submitted,  
BROWDY AND NEIMARK, P.L.L.C.
